PO Box 203227
Anchorage, AK 99520

Dear Mr. Tr~~ig~~stad:

I am pleased to report that the State has agreed to accept the 1991 BLM survey. This will allow the MSB to proceed forward with the recordation of the cadastral survey plat for the Municipal Entitled Lands in Sections 7 and 18, T17N, R3E, S.M., AK. The State has prioritized its review of this plat and I hope that we can record next week. I would strongly encourage you to contact the MSB Land Management Division and begin the application process for the purchase of the lands that you are interested in. I will keep you advised of the progress and when the plat is recorded. Thank you for you patience.

Kindest regards,

Rick Brown
Platting Officer
