RE: MSB 002467

Dear Mr. Trygstad:

On February 11, 1997 you personally presented a list of requests to the Borough Manager. This list contains, among other things, the information you requested from me in your correspondence of February 7, 1997. It is necessary for me to first consult with the Borough Manager on how he wishes to respond to your requests of February 11th before I respond to you.

Please be aware that the Department of Planning has still not received a copy of your proposed site plan nor have we received an up to date copy of your resume, list of references and list of prior real estate and development experience all of which you have previously stated you would submit.

If you have any questions please do not hesitate to contact me at 745-9850.

Sincerely,

A handwritten signature in black ink that reads "John Duffy".

John Duffy
Director of Planning
